

SUPA 10 R

A protein, mineral and vitamin supplement designed for grower or mature cattle grazing an abundance of low-quality pasture.

Supa 10 R is a self-regulating dry season lick specifically formulated for grower cattle (>170 kg LW) or a starter lick for breeder cattle prior to transitioning to a higher-level Urea lick, when pasture has reached full maturity and quality has rapidly dropped well below maintenance requirements.

Supa 10 R contains Monensin Sodium "For improved feed efficiency" and "prevention and control of coccidiosis due to the protozoan *Eimeria bovis* and *Eimeria zuernii*".
