LARGE WEANER LICK

A protein, mineral and vitamin supplement designed for weaner cattle grazing an abundance of low-quality pasture.

Large Weaner Lick is a self-regulating dry season lick specifically formulated for weaner cattle in the weight range of 150-250 kg LW. "For improved feed efficiency", Monensin Sodium has been added.

Large Weaner Lick can also be used as an alternate option to introduce adult cattle to lick at the beginning of the dry season.
